DETAILED ACTION

Reasons for Allowance

1. Claims 1-15, 19-29 and 37-54 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 1, 7, 10, 19 and 25, the reference **Hitzeman** and examiner's newly discovered reference **She** fail to teach selecting originating gateway from a plurality of originating gateways after determining the called number of the dialed call is within a particular category. **Hitzeman** teaches routing the call through an originating gateway after determining the called number of the dialed call is within a particular category (see col.4, lines 34-42, col.5, lines 66-67, col.6, lines 1-5, 11-18). **She** teaches selecting originating gateway from a plurality of originating gateways (col.3, lines 41-62). However, there is no suggestion in **Hitzeman's** invention in combination with **She's** invention to teach selecting originating gateway from a plurality of originating gateways after determining the called number of the dialed call is within a particular category.

Regarding claim 12, the reference **Osman** and examiner's newly discovered reference **She** fail to teach selecting originating gateway from a plurality of originating gateways after a dialed number associated with the specific call is examined. **Osman** teaches selecting one from

plural of the far-end IP gateways after a dialed number associated with the specific call is examined (see col.1, lines 38-60, col.2, lines 35-52). **She** teaches selecting originating gateway from a plurality of originating gateways (col.3, lines 41-62). However, there is no suggestion in **Osman's** invention in combination with **She's** invention to teach selecting originating gateway from a plurality of originating gateways after a dialed number associated with the specific call is examined.

Any comments considered necessary by applicant must be submitted no later than the payment the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should clearly labeled "Comments on Statement of Reasons for Allowance."
